

Analysis by the Bureau of Chemistry of this department of a sample of the article showed that it consisted essentially of an emulsion of petroleum, oil, alcohol, water, gum, sodium and calcium hypophosphites, and a trace of an iron compound.

It was alleged in substance in the libel that the article was misbranded, in that the label was false and fraudulent, since it claimed curative and therapeutic effects following its use in the treatment of coughs, colds, bronchitis, sore lungs, loss of weight or appetite, and in building up nerve tissues, and for tuberculosis of the lungs, whereas it contained no ingredient or combination thereof capable of producing the effects claimed.

On October 11, 1926, no claimant having appeared for the property, judgment of condemnation and forfeiture was entered, and it was ordered by the court that the product be destroyed by the United States marshal.

**14724. Misbranding of Dr. McMichael's Allgland with radium. U. S. v. 16 Dozen Boxes of Dr. McMichael's Allgland With Radium. Default decree of condemnation, forfeiture, and destruction. (F. & D. No. 21164. I. S. No. 10564-x. S. No. W-1994.)**

On July 13, 1926, the United States attorney for the Northern District of California, acting upon a report by the Secretary of Agriculture, filed in the District Court of the United States for said district a libel praying seizure and condemnation of 16 dozen boxes of Dr. McMichael's Allgland with radium, remaining in the original unbroken packages at San Francisco, Calif., alleging that the article had been shipped by the Carnotite Gland Extract Co., from Denver, Colo., August 30, 1924, and transported from the State of Colorado into the State of California, and charging misbranding in violation of the food and drugs act as amended.

Analysis by the Bureau of Chemistry of this department of a sample of the article showed that the tablets contained 91 per cent of milk sugar, together with talc, a trace of nitrogenous organic matter, and a faint trace of radium.

Misbranding of the article was alleged in substance in the libel for the reason that the following statements borne on the box label and in the accompanying booklet: (Box label) "Allgland \* \* \* The Great Body Builder Makes You Feel Younger \* \* \* A Gland And Body Food Eliminating, Preventing And Correcting All Diseases Caused By Over Work, Nervous Or Run-down Conditions Makes You A Healthy Man, Woman, Or Child," (booklet) "in all weakened or rundown condition of the Human Glands, Muscles and Nerves \* \* \* Now we are sure of the results in the relief or prevention of most all diseases. \* \* \* stimulates the nerves, muscles and glands. \* \* \* gives \* \* \* relief to all mankind, makes you Stronger, More Vigorous, More Peppy \* \* \* They sure make stronger men and women. If You Are A Man and lack the Vigor, Energy and Push you should have; if you feel older than you should; if suffering from any after effects of any disease—flu, pneumonia, overwork or nervous breakdown—you will find relief in our Allgland Tablets: \* \* \* As a rejuvenator for man or woman \* \* \* If You Are A Woman you may suffer from some of the ills peculiar to your sex, such as weakness, irregularities, despondency or lack of energy. If so you will find Allgland Tablets the true remedy for any female trouble. Also Fibroid Tumors, Inflammations, Enlargement of the Neck, Irregular Monthlies, Hot Flashes, feeling as though you would blow up, urinating too often, and, in fact, any and all diseases coming on at any time of life, old or young. Where there is or might develop a cancerous condition, write the medical director. Most women as they enter the fortieth year of age commence a change of gland action. This stopping of the action of some glands causes nature to start up more action in some other glands. Nature sometimes does not do this, for the reason that the right gland food is not supplied, or if supplied, is not in a form to be taken into the system, or from this same cause, may overwork some other gland, thereby creating a greater unbalance, so that nervous diseases and others start. There will be hot flashes, nervousness or neurosis of all nerves. The mind gets weak but excitable. Fibroid tumors, etc., may start. If these patients will take Allgland steadily for a few years they will pass through this time of life without trouble. They will prevent as well as relieve all such troubles. If You have a daughter or son who is troubled with Pimples On The Face they will get relief by taking Allgland Tablets. \* \* \* The cause of this trouble is a Glandular Unbalance, showing that they are not developing

as they should. The correcting of this trouble by Nature's Remedy, Allgland Tablets, does more good and prevents other troubles in later years. Lack of Development in Children \* \* \* A child that overgrows shows that the glandular system is unbalanced just as much as an undergrowth does, and the same treatment applies to both. If you are all run-down and worn out, take two tablets before meals and at bedtime. They will make you a stronger man or woman and will make you feel younger. \* \* \* As soon as you notice relief \* \* \* Being a food to the body, nerves, blood and glands, it corrects diseases. It prevents diseases or it gives relief in all diseased conditions. It has proved very successful in Diabetes, Bright's Disease, Hardened Blood Vessels, High Blood Pressure, getting old too soon, all Rundown Conditions from diseases or overwork or worry, Hot Flashes or any Female Trouble. The best thing for Goitre in young women, a real developer of children both in body and brain and a real rejuvenator. They make you a healthy, real man, woman and child. If anything ails you take them, they will do no harm," were false and fraudulent, since the said article contained no ingredient or combination of ingredients capable of producing the curative and therapeutic effects claimed.

On November 5, 1926, no claimant having appeared for the property, judgment of condemnation and forfeiture was entered, and it was ordered by the court that the product be destroyed by the United States marshal.

**14725. Adulteration of canned salmon. U. S. v. 2,900 Cases of Salmon. Consent decree of condemnation and forfeiture. Product released under bond. (F. & D. No. 21299. I. S. No. 907-x. S. No. W-2019.)**

On September 20, 1926, the United States attorney for the District of Oregon, acting upon a report by the Secretary of Agriculture, filed in the District Court of the United States for said district a libel praying seizure and condemnation of 2,900 cases of canned salmon, remaining in the original unbroken packages at Portland, Oreg., alleging that the article had been shipped by the Bristol Bay Packing Co., from Naknek, Alaska, on or about August 8, 1926, and transported from the Territory of Alaska into the State of Oregon, and charging adulteration in violation of the food and drugs act.

Adulteration of the article was alleged in the libel for the reason that it consisted in whole or in part of a filthy, decomposed, or putrid animal substance.

On November 6, 1926, the Bristol Bay Packing Co. having appeared as claimant for the property and having consented to the entry of a decree, judgment of condemnation and forfeiture was entered, and it was ordered by the court that the product be released to the said claimant upon payment of the costs of the proceedings and the execution of a bond in the sum of \$11,500, conditioned in part that it be made to conform with the law under the supervision of this department.

**14726. Misbranding of meat scrap. U. S. v. 350 Bags of Wheat (Meat) Scrap. Product released under bond to be relabeled. (F. & D. No. 20959. I. S. No. 10662-x. S. No. W-1928.)**

On March 24, 1926, the United States attorney for the Northern District of California, acting upon a report by the Secretary of Agriculture, filed in the District Court of the United States for said district a libel praying seizure and condemnation of 350 bags of wheat (meat) scrap, remaining in the original unbroken packages at Petaluma, Calif., alleging that the article had been shipped by J. T. Stanley Co., Inc., from New York, N. Y., January 29, 1926, and transported from the State of New York into the State of California, and charging misbranding in violation of the food and drugs act as amended. The article was invoiced as "25 tons 45-50% Protein Meat Scraps."

It was alleged in the libel that the article was misbranded, in that it was sold under the distinctive name of another article, namely, "45-50% Protein." Misbranding was alleged for the further reason that the article was food in package form and the quantity of the contents was not plainly and conspicuously marked on the outside of the package.

On August 13, 1926, the Hart-Hill Grain Co., San Francisco, Calif., having appeared as claimant for the property and having relabeled the product and given bond for its release, it was ordered by the court that the said product be delivered to the claimant.
